RYRKON
FESTIWAL FANTASTYKI

19 - 21.06.2026

What is Pyrkon?

Pyrkon is one of the largest fantasy festivals in Europe, where every fan of games, movies, comics, or literature will feel like they've found their own piece of heaven. It's 54 hours of non-stop fun, spent attending lectures selected from over 1,500 program points, playing games, exploring exhibitions and fantastic villages, and meeting creators of fantasy from all over the world! It's also a chance to shop with over 300 exhibitors offering not only merchandise from well-known and lesser-known universes but also unique, handmade creations. But above all, Pyrkon is a Fantastic Meeting Place, filled with a magical atmosphere that you can only experience here, and only for three days each year!

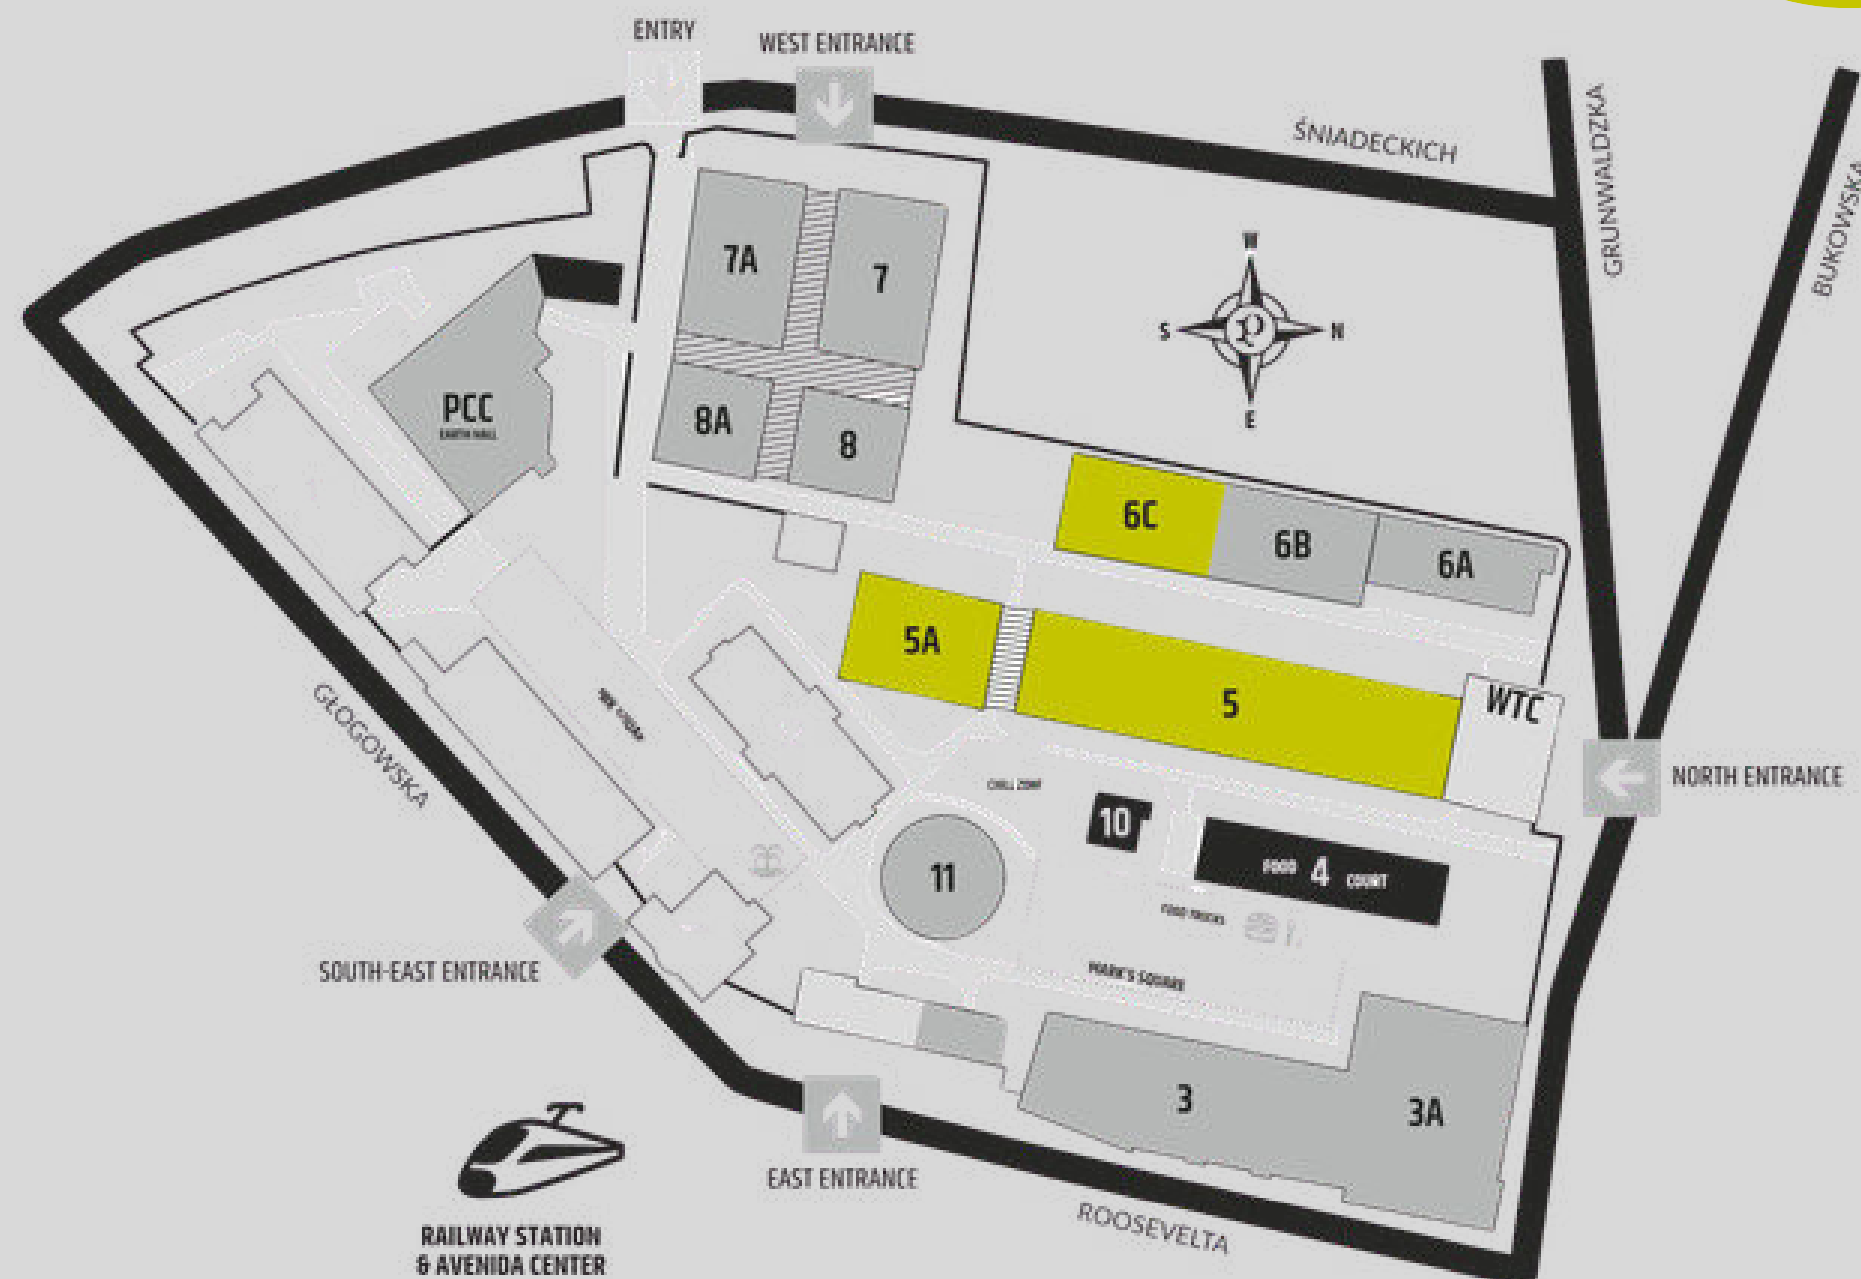

Pyrkon is a place full of diversity – dozens of rooms filled with workshops, lectures, and exhibitions, theater performances, concerts, shows, and the prestigious cosplay competition – Masquerade – which has been a fantastic show loved by festival participants for years. It is also a place where you can meet your favorite authors, game creators, comic book artists, RPG designers, influencers, and actors.

Fantastic Space

The immense popularity of the festival requires a large area, which is why, since 2011, the event has been held at the Poznań International Fair. Attendees have access to a space equivalent to 23 football fields!

At the heart of this incredible area are Pavilions 5 and 5A—covering over 17,000 square meters—home to the 'Vendorland'. Here, major publishers, shops offering fantastic merchandise, and a wide variety of artisans set up their booths.

Present your fantastic products!

The festival boasts a rich tradition—2026 will mark the 24th edition, and you too can become part of Pyrkon's legendary history!

Sales and promotional booths at Pyrkon offer a unique opportunity to reach tens of thousands of potential customers! Larger booths stand out in the crowd and attract participants, making them more memorable in attendees' minds.

This visibility builds brand recognition, which brings not only direct sales benefits at the event itself but also increases the chances of customer return in the future. It's the best way to distinguish yourself from the competition.

Don't miss this opportunity—create a unique, exciting, and attraction-filled booth!

Standard-type booth

This type of booth offers flexible options for booth size along with customizable equipment. It's no surprise that **it's the most popular choice among vendors**

Standard booths can be constructed using any number of 2 m² modules: from small 4 m² booths designed for emerging creators, to 50 m² spaces—perfect for larger companies looking to stand out among other vendors.

1 module	2 m ² (1m x 2m)
Min. number of modules : 2	4 m ² (2m x 2m)
Max. number of modules : 25	50 m ²

Vendors interested in booths larger than 50 m² are requested to contact us at: wystawcy@pyrkon.pl to receive a personalized offer.

The organizer reserves the right to refuse the sale of a booth or to limit the area chosen by the exhibitor.

The price per square meter applies solely to the space and does **NOT INCLUDE** booth construction or electrical connections.

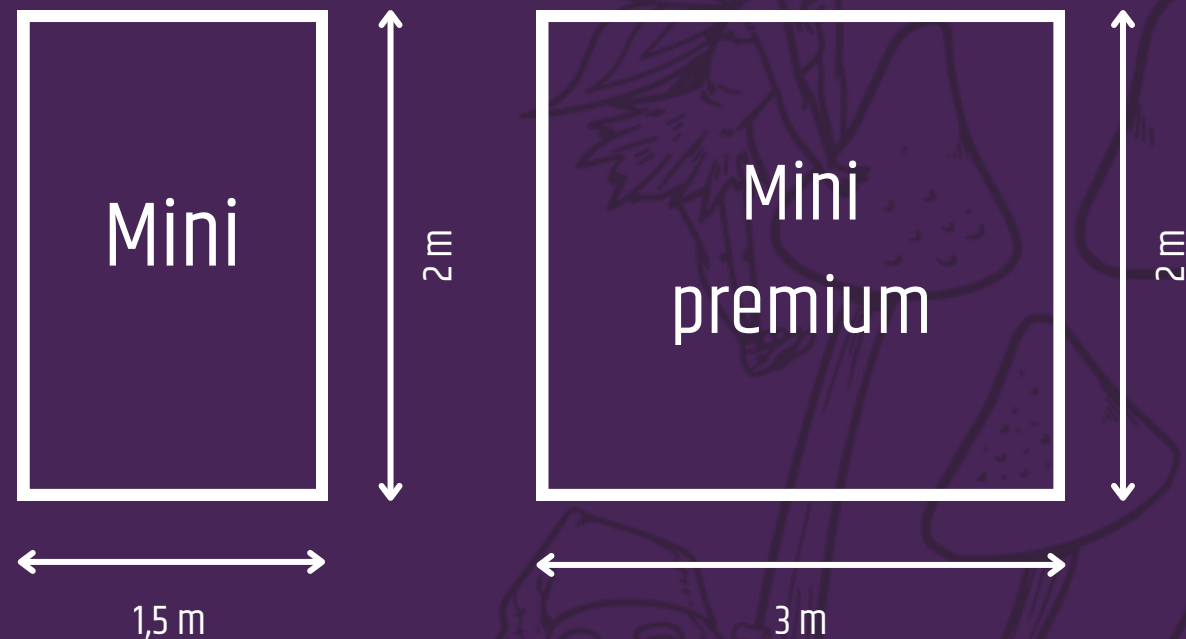

Mini-type Booth

Booths in the mini zone can be rented exclusively by artisans and artists. The offered goods must be created directly by the exhibitor in a non-industrial manner, meaning they must be handmade and should represent the seller's original design.

In the mini zone, vendors offering merchandise based on commercial licenses or wholesale inventory (including items primarily made from semi-finished products) are not allowed to exhibit. In this zone, we offer two types of booths: mini and mini premium. You do not have the option to change the dimensions of the booth.

A **MINI-type** booth is a 3 m² space with dimensions of 1.5 × 2 m, which includes a table, a chair, and an entry pass for one vendor.

On the other hand, a **MINI PREMIUM-type** booth is a double mini booth with dimensions of 3 × 2 m (6 m²), which includes two entry passes, chairs, and tables.

As every year, a competition will be held during the festival for the most attractive booths in the Mini Zone. The selected winners will receive guaranteed acceptance for the next edition, as well as a significant discount on their booth.

Mini-type Booth

At the back of the booth, there is a wall made of exhibition construction that can be used for creative booth arrangements. We encourage you to design an attractive space that will draw participants to shop at your booth.

The booth price includes the construction (i.e., the back wall), chairs, and tables measuring 120 x 45 cm.

The booth price **does NOT** include electricity.

Comic Booth

Stands in the comics zone are only available for rent to artists offering their own comics and zines. The primary merchandise at the stand should be comics, zines, and directly related materials (e.g., boards, art, small gadgets, etc.).

Merchandise offered must be the seller's original design or be sold with the author's consent. Stores/publishers offering comics and gadgets based on commercial licenses or wholesale products are not permitted in the comics zone.

A **Mini Comic booth** is a 3 m² space with dimensions of 2 × 2 m, which includes a table, a chair, and an entry pass for one vendor.

On the other hand, a **Premium Comic booth** is a double mini booth with dimensions of 3 × 2 m (6 m²), which includes two, chairs, and tables and one entry pass

Premium Comic	95.5 EUR net
230V Socket	45 EUR net

Gaming Booth

The Gaming Zone is dedicated to the entire gaming industry—ranging from hardware and free play areas to e-sports tournaments organized by our partners. However, what would electronic games be without acknowledging their origins? To address this, we have a retro gaming area featuring old consoles, computers, and, most importantly, legendary titles from the past. There will also be space for gaming YouTubers and influencers!

We will customize the size and shape of the booths to meet your needs—both small independent studios and the largest game and gaming hardware producers will find their place here.

Prices
